Chapter 8

Frequency-Domain Packet Combining Techniques for UWB

Paulo Montezuma, Mário Marques da Silva,
and Rui Dinis

Contents

8.1	Introduction	378
8.2	Single Carrier with Frequency-Domain Equalization	381
8.3	Iterative Frequency-Domain Packet Combining Techniques Optimized for UWB	383
8.4	Conventional Soft Packet Combining ARQ	384
8.4.1	Packet Combining with Strong Interference Levels	386
8.5	Packet Combining with Diversity	386
8.5.1	Dealing with Fixed Channels	394
8.6	Performance Analysis	395
8.6.1	Performance Results	396
	Acknowledgment	403
	References	403
